E.4 IR1052-96-128
INSPECTION AND ACCEPTANCE

Inspection and acceptance of all work performed under this contract shall be by the Contracting Officer or a duly authorized representative.

[End of Clause]

E.5 MONTHLY REPORTS

All monthly status reports produced under this contract shall be provided on a 3.5" data storage media and paper. These reports will document all maintenance activities performed for the IRS during the previous reporting period. The contractor shall provide the preferred data file format for these reports, such as the installed version or newer of Lotus 1-2-3, Excel, Microsoft Word, etc. See section C.7 for the content of these reports.

[End of Clause]

E.6 FIELD SERVICE REPORT

The report shall be shipped with each repaired item when returned to customer. See Section J, Attachment 5.

E.7 INSPECTION OF SERVICES

To adequately protect government equipment stored at the Contractor's depot maintenance facility during servicing, the contractor is required to have operational safeguards during the effective dates of the contract. These include (but not limited to) smoke detectors, fire alarms, fire retardants (such as halon), surveillance cameras and intrusion alarms systems. The storage area should be sufficient to accommodate up to 800 notebook computers and at least 50 shipping containers. This facility must be accessible to the Contracting Officer (or their representative) for inspection to insure the adequacy of these safeguards.

The contractor shall establish and maintain a quality control plan that has been reviewed and approved by the government in accordance with Section C.11.1 of the statement of work.
